### Website Templates for Actors

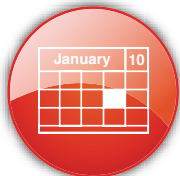

You're an actor performing in stage, radio, television, video, or motion picture productions. The web, is an indispensable tool, crucial to your success. Dynamod Web Portals offer actor website templates that include features empowering you with the ability to upload your most recent headshots, your resumé, performance schedule and even movie files at your convenience. No web knowledge is necessary!

#### Upload Videos Effortlessly!

##### NO WEB KNOWLEDGE NECESSARY!

Your Dynamod Portal is accompanied by an Administration System easier to use than Hotmail! Uploading Pictures, MP3's, Videos, PDF's and text has NEVER been easier. Simply select the file you wish to upload and click Submit. It's that easy.

#### Itinerary Module

The Itinerary Module is ideal for the artist website template users. Enter the dates of your exhibits/ premiers, the venues and any special directions and your Dynamod Portal will display and order them correctly by upcoming and previous gigs. You can even enter links to the venue as well as pricing/special instructions.

#### Mailing List Module

Using your Dynamod Web Portal, keeping your visitors up to date has never been easier. Send Plain Text or HTML emails to anyone and everyone on your mailing list straight from your Portal Admin.

### **Many Themes Available**

Using your Administration System, you'll have numerous ways to customize the look and feel of your Portal at any time. Not only can you select from thousands of different color schemes, but you can also choose from many flash website templates we have available. New themes are added regularly.
