### Website Templates for Babies

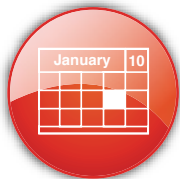

Attention proud moms, dads, grandparents and relatives! The web is the perfect way to introduce the world to the precious new addition to your family. Dynamod Web Portals offer website templates with features specifically designed to share the joy of your new baby. A Gallery Section Module for pictures and videos, a News Module to share first words and first steps, and a Notepad Module to record memories in the making are just a few examples of what's included with your Dynamod Portal.

#### Upload Pictures and Videos Effortlessly!

##### NO WEB KNOWLEDGE NECESSARY!

Your Dynamod flash website template is accompanied by an Administration System easier to use than Hotmail! Uploading Pictures, MP3's, Videos, PDF's and text has NEVER been easier. Simply select the file you wish to upload and click Submit. It's that easy.

#### Itinerary Module

The Itinerary Module is perfect for our baby website template users. Enter baby shower dates and info, expected delivery dates and any scheduled ceremony dates and your Dynamod Portal will display and order them by date. You can even enter links to the venues with special instructions.

#### Mailing List Module

Using your Dynamod Web Portal, keeping your visitors up to date has never been easier. Send Plain Text or HTML emails to anyone and everyone on your mailing list straight from your Portal Admin.

### **Many Themes Available**

Using your Administration System, you'll have numerous ways to customize the look and feel of your Portal at any time. Not only can you select from thousands of different color schemes, but you can also choose from many flash website templates we have available. New themes are added regularly.

### **Unlimited Email Accounts**

Now you can instantly project a professional image by using your domain name to brand your company or personal e-mail. You'll reinforce your company name every time you or one of your employees sends an e-mail message. You get your own private yourdomain.com mail server so every email you send is personalized with your domain name brand.

### **Website Hosting Services Included**

Dynamod Web Portals include premium website hosting solutions utilizing the best hardware and Internet connections imaginable and are accompanied by our 99.8 percent uptime guarantee.
