### Website Templates for Filmers

Whether you're a writer, a director, an actor or an invaluable crew member, the web is a great place to show off your portfolio, promote your work and ultimately land more gigs. Use the gallery and showcase modules to upload samples from your reel or photos from your most recent shoot; the news module to document the latest happenings in your career and even a module allowing you to upload your resumé. Visitors interested in your talent can easily drop you a line using your Contact Module. Best of all, absolutely no web knowledge is necessary so you can better focus on your career!

#### Upload Videos Effortlessly!

##### NO WEB KNOWLEDGE NECESSARY!

Your Dynamod flash website template is accompanied by an Administration System easier to use than Hotmail! Uploading Pictures, MP3's, Videos, PDF's and text has NEVER been easier. Simply select the file you wish to upload and click Submit. It's that easy.

#### Mailing List Module

Using your Dynamod Web Portal, keeping your visitors up to date has never been easier. Send Plain Text or HTML emails to anyone and everyone on your mailing list straight from your Portal Admin.

#### Many Themes Available

Using your Administration System, you'll have numerous ways to customize the look and feel of your Portal at any time. Not only can you select from thousands of different color schemes, but you can also choose from many flash website templates we have available. New themes are added regularly.

### **Unlimited Email Accounts**

Now you can instantly project a professional image by using your domain name to brand your company or personal e-mail. You'll reinforce your company name every time you or one of your employees sends an e-mail message. You get your own private yourdomain.com mail server so every email you send is personalized with your domain name brand.

### **Website Hosting Services Included**

Dynamod Web Portals include premium website hosting solutions utilizing the best hardware and Internet connections imaginable and are accompanied by our 99.8 percent uptime guarantee.
