### Website Templates for Real Estate

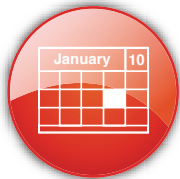

Whether you are a professional Real Estate Broker, a home owner, a builder or all of the above, the web is an indispensable tool crucial to your success. Dynamod Portals include flash website templates allowing you to advertise new listings quickly and effortlessly, upload multiple pictures and videos of each property, a schedule of open houses, news & announcements and best of all, requires no prior web knowledge!

### Upload Pictures and Videos Effortlessly!

#### NO WEB KNOWLEDGE NECESSARY!

Your Dynamod flash website template is accompanied by an Administration System easier to use than Hotmail! Uploading Pictures, MP3's, Videos, PDF's and text has NEVER been easier. Simply select the file you wish to upload and click Submit. It's that easy.

### Itinerary Module

This Module is ideal for the realtor website template users. Enter open house dates for all of your listings and properties. Include any special directions or instructions and your Dynamod Portal will display them and order by date.

### Mailing List Module

Using your Dynamod Web Portal, keeping your visitors up to date has never been easier. Send Plain Text or HTML emails to anyone and everyone on your mailing list straight from your Portal Admin.

### **Many Themes Available**

Using your Administration System, you'll have numerous ways to customize the look and feel of your Portal at any time. Not only can you select from thousands of different color schemes, but you can also choose from many flash website templates we have available. New themes are added regularly.

### **Unlimited Email Accounts**

Now you can instantly project a professional image by using your domain name to brand your company or personal e-mail. You'll reinforce your company name every time you or one of your employees sends an e-mail message. You get your own private yourdomain.com mail server so every email you send is personalized with your domain name brand.

### **Website Hosting Services Included**

Dynamod Web Portals include premium website hosting solutions utilizing the best hardware and Internet connections imaginable and are accompanied by our 99.8 percent uptime guarantee.
