### Website Templates for Students

It's the most exciting time of your life. New friends, new interests, new experiences, to say the least. Your Dynamod flash website template is the perfect way to keep in touch with your pals and family and to share with them your new life and recent accomplishments. Upload pictures of your campus, your friends, or your favorite late night coffee shop! Keep an online diary using the notepad module or get down to business and upload your Resume with no prior web knowledge necessary!

#### Upload Pictures and Videos Effortlessly!

##### NO WEB KNOWLEDGE NECESSARY!

Your Dynamod flash website template is accompanied by an Administration System easier to use than Hotmail! Uploading Pictures, MP3's, Videos, PDF's and text has NEVER been easier. Simply select the file you wish to upload and click Submit. It's that easy.

#### Project Management Module Included

Now you can share files with clients and associates without having to show the whole world. Using your Dynamod Portal Administration, create password enabled users, set their permissions and upload files for them to see! We also give you a Drop Box Module which allows your password enabled users to upload files for you. This is just one of many free tools and services exclusive to owners of our Dynamod Flash Website Templates.

#### Mailing List Module

Using your Dynamod Web Portal, keeping your visitors up to date has never been easier. Send Plain Text or HTML emails to anyone and everyone on your mailing list straight from your Portal Admin.

### **Many Themes Available**

Using your Administration System, you'll have numerous ways to customize the look and feel of your Portal at any time. Not only can you select from thousands of different color schemes, but you can also choose from many flash website templates we have available. New themes are added regularly.

### **Unlimited Email Accounts**

Now you can instantly project a professional image by using your domain name to brand your company or personal e-mail. You'll reinforce your company name every time you or one of your employees sends an e-mail message. You get your own private yourdomain.com mail server so every email you send is personalized with your domain name brand.

### **Website Hosting Services Included**

Dynamod Web Portals include premium website hosting solutions utilizing the best hardware and Internet connections imaginable and are accompanied by our 99.8 percent uptime guarantee.
