Website Templates for Weddings

It's that one magical moment you've been dreaming of ever since you can remember. What better way to share the wedding, than with your very own flash website? Dynamod Web Portals offer a Photo Gallery to share dress choice and a Survey Module to help you choose! A Listen Module to post song selections, a Notepad Module to share registry locations, a Mailing List Module to send shower invites, and an Itinerary Section to disclose honeymoon plans! Whether you're the bride, groom, a family member, or friend, the Wedding Portal is the perfect way to document this special occasion.

Upload Pictures and Videos Effortlessly!

NO WEB KNOWLEDGE NECESSARY!

Your Dynamod flash website template is accompanied by an Administration System easier to use than Hotmail! Uploading Pictures, MP3's, Videos, PDF's and text has NEVER been easier. Simply select the file you wish to upload and click Submit. It's that easy.

Itinerary Module

The Itinerary Module is perfect for our wedding website template users. Enter dates and schedules for the engagement party, the bachelorette party, the bridal shower, and rehearsal dinner! Your Dynamod Portal will display and order them by date. You can even enter links to each venue with special instructions.

Mailing List Module

Using your Dynamod Web Portal, keeping your visitors up to date has never been easier. Send Plain Text or HTML emails to anyone and everyone on your mailing list straight from your Portal Admin.

Many Themes Available

Using your Administration System, you'll have numerous ways to customize the look and feel of your Portal at any time. Not only can you select from thousands of different color schemes, but you can also choose from many flash website templates we have available. New themes are added regularly.

Unlimited Email Accounts

Now you can instantly project a professional image by using your domain name to brand your company or personal e-mail. You'll reinforce your company name every time you or one of your employees sends an e-mail message. You get your own private yourdomain.com mail server so every email you send is personalized with your domain name brand.

Website Hosting Services Included

Dynamod Web Portals include premium website hosting solutions utilizing the best hardware and Internet connections imaginable and are accompanied by our 99.8 percent uptime guarantee.
